

VAR Open House – ‘Convergence Technology Opportunities’

Crossover Distribution cordially invites you to attend our open house at our Mississauga Office on October 15, 2009 from 5:30 to 8:30 PM. We will be featuring three of our product lines:

Dock’N Talk™ by Phone Labs is the first truly universal cell phone docking station and charger that supports over **2000** cell phone models!

TalkSwitch™ Converged VoIP Systems include everything needed for sophisticated call handling for SMB customers and large residential applications - [auto attendants](#), [voicemail](#), [ring groups](#), [connect anywhere extensions](#) and much more.

Spotwave™ offers carrier-approved, indoor wireless coverage systems that seamlessly repeat the outdoor signal inside - ensuring cell phones, PDAs and 3G laptop air cards work reliably indoors where they are being used more often.

Come learn about how these unique solutions complement each other to generate new sales. We welcome the opportunity to help you drive new business and to help you retain existing customers with these exciting products.

Presentations and live product demonstrations will be conducted by manufacturer representatives to help you understand how these technologies can diversify your business and create new revenue streams for your company. Plan on arriving when convenient for you; presentation start times are as follows and representatives will be available for questions during the course of the evening:

<i>Session 1</i>	<i>Dock’N Talk</i>	<i>TalkSwitch</i>	<i>Spotwave</i>	<i>5:30-6:15 pm</i>
<i>Session 2</i>	<i>Dock’N Talk</i>	<i>TalkSwitch</i>	<i>Spotwave</i>	<i>6:30-7:15 pm</i>
<i>Session 3</i>	<i>Dock’N Talk</i>	<i>TalkSwitch</i>	<i>Spotwave</i>	<i>7:30-8:15 pm</i>

Refreshments will be served.

Please R.S.V.P. by contacting Viv Hemsley at 905-593-1812 or by email at vhemsley@crossoverdistribution.com. We look forward to seeing you!

Location – Crossover Distribution, 4055 Sladeview Crescent, Unit #1, Mississauga, ON, L5L 5Y1
